

Mitiamo district domestic and stock pipeline

Members of our Project Reference Committee will provide advice and feedback on behalf of the community and stakeholders they represent. They also have an important role helping communicate information and project milestones among their networks.

Calling on community members to get involved

We're looking for members of the public to join our Project Reference Committee.

These people will provide GMW with the voice of the community. We'll be asking them to be in constant contact with their communities to ensure they provide advice and ideas on their behalf.

Our Project Reference Committee ensures all views and feedback are being considered and the Mitiamo business case reflects the needs and requirements of all involved.

to communicate important information and project milestones among their own networks.

Can I join the Project Reference Committee?

Yes, as we've said we're looking for community members to join the Project Reference Committee.

Currently, we have two members from the community-led Mitiamo Reticulated Water Supply Committee on the Project Reference Committee; however, we would like to see additional community members recruited to ensure representation across all customer groups. This includes GMW customers, those from private water schemes, unserved properties and others simply interested in having a say into how the business case is developed.

Who is on the Project Reference Committee?

The committee consists of representatives from:

- Department of Environment, Land, Water and Planning (DELWP);
- Department of Economic Development, Jobs, Transport and Resources (DEDJTR);
- Goulburn-Murray Water (GMW);
- Coliban Water;
- Loddon Shire Council;
- Campaspe Shire Council;
- Traditional owners, and;
- Two members of the community-led Mitiamo Reticulated Water Supply Committee.

How do I join the committee?

To nominate for our Project Reference Committee visit the project page on our website at www.gmwater.com.au/mitiamo

Nominations open on 8 November 2016 and close on 22 November 2016. We will notify successful applicants by phone when the nomination period closes. The committee's draft Terms of Reference is also available on our website.

Can I contact a member of the committee to provide my feedback?

Because we're still calling for nominations from the community for our Project Reference Committee we don't have the details for these key contacts. When they become available we'll update on the project page on our website at www.gmwater.com.au/mitiamo

In the meantime we encourage you to phone our Customer Call Centre on 1800 013 357.

How does the committee fit in to the project's governance?

The Project Reference Committee supports GMW to deliver the project, by acting as an advisory committee. They provide advice and feedback on behalf of their businesses and organisations and help
