

# GOULBURN-MURRAY WATER PRICELIST 2010/11

For information only

Dear Customer,

You may be aware that the Australian Competition and Consumer Council recently assumed responsibility for regulating prices for water infrastructure operator providers in the Murray Darling Basin. As part of transitioning to these new arrangements, G-MW is required to provide a copy of our complete 2010/11 pricing schedule to all current customers by 12 April 2011. This schedule is used to calculate all 2010/11 G-MW accounts - beginning with the Fixed Water Charges account you received in July last year.

The schedule is provided for your information only and **you are not required** to take any further action as a result of this correspondence. The schedule will allow you to compare prices across G-MW's different services. The schedule is also available on our website at [www.g-mwater.com.au](http://www.g-mwater.com.au) and you can use our online pricing simulator to calculate comparisons for G-MW services.

In coming months G-MW will publish its pricing schedule for the 2011/12 year and we will hold customer meetings during April to discuss these new season prices along with other seasonal issues such as carryover and the water resources outlook for 2011/12. Further details about the meeting locations, times and dates are enclosed with this letter and we encourage you to attend these meetings to discuss your water service issues with our staff.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Ian Moorhouse".

Ian Moorhouse  
Chief Operating Officer

# GOULBURN MURRAY WATER – PRICES
