

Application for Licence to Decommission Works (Bore)

What is this application form for?

Use this form to make application for a Licence to decommission works (bore) under Section 67, Water Act 1989).

What to do:

- Read the accompanying explanatory notes which can be obtained by calling 03 5826 3544 or downloaded from www.g-mwater.com.au before you complete the form.
- Complete the form in full ensuring all relevant information is provided.
- Complete the checklist. Incorrect information may result in your application being refused. **Your application will be returned if it is ineligible or incomplete.**
- Send the form, any required documentation to: Goulburn Murray Water, PO Box 165, TATURA , VIC 3616.
- Please note there is no application fee for this application.

1. APPLICANT/S DETAILS

Please list full names, initials are not acceptable - if more than 3 licensees please note in the space provided

Applicant No 1: (Individual or company name).....

Applicant No 2: (Individual or company name).....

Additional applicants:

Postal Address:

..... Postcode:

Telephone number: () Mobile number:

Fax Number: Email:

2. CONSULTANT

Company name: Contact person:

Postal Address: (if licence to be sent to consultant)

..... Postcode:

Telephone number: () Mobile number:

Email address:

3. DESCRIPTION OF LAND ON WHICH THE BORE/S ARE LOCATED

Property address:

Vol.: Fol: Lot No: Plan No: Crown Allotment: Section:.....

Vol.: Fol: Lot No: Plan No: Crown Allotment: Section:.....

Vol.: Fol: Lot No: Plan No: Crown Allotment: Section:.....

Parish
.....

Note: If additional lands are required please attach a separate list to this application. If any land is not in the ownership of the licensee/s please complete *Annexure 1 - Consent of Landowners (attached)*.

Application form

Licence to Decommission Works (Bore)

4. DETAILS OF BORE/S TO BE DECOMMISSIONED - see explanatory notes for assistance with this section. (please complete this section with any available information)

Number of bore/s to be decommissioned:

- | | |
|--|---|
| <input type="checkbox"/> Drilled | <input type="checkbox"/> Well or shaft |
| <input type="checkbox"/> Multiple bore system (no of bores.....) | <input type="checkbox"/> Improved Spring |
| <input type="checkbox"/> Single bore system | <input type="checkbox"/> Other (specify)..... |
| <input type="checkbox"/> Spearpoint system (no of spears.....) | |

Depth of bore/s: Bore Diameter:

Present use of bore: Year of construction:

Works Licence No:

Bore no's to be decommissioned (if known):
.....

Reason for decommissioning:
.....
.....

Proposed decommissioning method:
.....

5. BORE'S ASSOCIATED WITH A LICENCE TO TAKE AND USE WATER (only applicable if the bore was used for a licensable purpose - irrigation, commercial etc)

List any Licences to Take and Use Groundwater associated with the bore/s to be decommissioned.

.....

6. DECOMMISSIONING CARRIED OUT BY A LICENCED DRILLER

Name of licensed drilling contractor: Drillers licence No:

Application form

Licence to Decommission Works (Bore)

General information and explanatory notes (retain for future reference)

Why do I need to decommission a bore?

Generally a bore will need to be removed or decommissioned if it is no longer in use or is beyond repair. If a bore is not decommissioned correctly it may pose a risk to public health and to the long term quality of groundwater resources.

How do I know if my bore needs to be decommissioned?

If you own a bore that is not part of a regular maintenance schedule, it may need to be decommissioned particularly if it is:

- More than 20 years old and not in current use
- Constructed from steel casing
- Damaged or corroded
- Pumping sand
- Yielding saltier/poorer quality water than it has in the past
- Flowing uncontrollably
- Dewatering quickly
- Silted, collapsed or blocked
- No longer needed, or has been replaced by a new bore

G-MW's drilling inspectors can assist you with determining if your bore is beyond repair and/or needs to be decommissioned, and the various methods that can be used to carry out the work.

Why do I need a licence to decommission a bore?

Under the provisions of the Water Act 1989, any work conducted on a bore, including the decommissioning of a bore must not be carried out until a Licence to Decommission Works has been issued. Licensing this activity ensures that works are carried out correctly and will not pose any ongoing risks to the public safety or the environment. It also ensures that accurate records are kept in relation to the status of bores across G-MW's region.

How much does a licence to decommission a bore cost?

There is no application fee for a Licence to Decommission Works.

Who can decommission a bore?

In most cases where the bore is shallow and has intersected only a single aquifer system, it is acceptable for the bore owner to carry out the work. A G-MW Drilling Inspector will inspect the site when the works are complete.

The decommissioning of bores that are deep, flowing or have intersected more than one aquifer system, can be more complex and it is a requirement that the work be undertaken by a suitably licensed driller.

You should contact a G-MW Drilling Inspector to determine if you need to engage a licensed driller prior to commencing any works.

How can I get more information about decommissioning a bore?

G-MW's Drilling Inspector can assist you with information about decommissioning bores. The Drilling Inspector can be contacted between 8.00am and 4.45pm Monday to Friday on telephone: (03) 5826 3440 or mobile: 0419 513 744

Assistance with completing the application form

How can I get more information or assistance with completing this form?

Read the information included below, and if you need further assistance contact the Licensing Unit between 8.00am and 4.45pm Monday to Friday

Telephone: (03) 5826 344 or 1800 013 357 (free call from most fixed line phones)

Facsimile: (03) 58 24 5815

Email: licensingadmin@g-mwater.com.au

Question 1 - Applicant/s details

All applicants must complete the application. If the applicant is a company, evidence must be provided that the person/s has authority to act on behalf of the company.

Question 2 - Consultant details

If a consultant will be co-ordinating the works, please provide details so they will receive the documentation.

Question 3 - Description of land on which the bore/s will be decommissioned

Applicants must provide details of the land/s where the bore/s are to be decommissioned. The current ownership of this land must also be verified. To ensure this information is accurate G-MW requires a current copy of the title/s for all land. If the bore/s are located on land that is not in the applicant's ownership, written consent from the landowner also is required. Please complete Annexure 1 - Consent of Landowner for this purpose.

A Registered Title Search Statement for each separate title must be provided. Rates notices cannot be accepted. An example of an acceptable Registered Search Statement is attached.

How can I obtain a copy of my land titles?

You can obtain a registered search statement (see attached example of the correct search) by:

- Accessing the Land Titles office via the internet at www.land.vic.gov.au or phone (03) 8636 2456
- Requesting that G-MW complete the searches on your behalf.
- Contacting your solicitor or legal advisor to conduct the search on your behalf (fees may apply)

Question 4 - Details of bore/s to be decommissioned

Please provide details about the bore/s to be decommissioned. Ensure you include the number of bore/s being decommissioned, maximum depth and proposed diameter of bore/s, the reference number for the licence used to construct the works and the reference numbers for the bore/s (if this is available).

Question 5 - Bore's associated with a Licence to Take and Use Water

Applicant/s must provide their licence number for any licences to Take and Use Water linked to the bore, this can be found on your licence document or on your Annual Fixed Charges Account issued by G-MW.

Question 6 - Licensed Driller to decommission

In most cases you must engage a licensed driller to undertake the decommissioning work. You should contact the Drilling Inspector to determine your requirements. Your nominated driller can not commence drilling until you have obtained a Licence to Decommission Works. The licence conditions must be read and understood by yourself and your nominated driller before the works commence. The drilling contractor must complete a Bore Completion Report and return this to G-MW within 28 days of completing the work.

Question 7 - Declaration of Applicant/s

All applicants must sign the application. If any person executes the document on behalf of another person or party, they must provide evidence of their authorisation. This can be in the form of a Power of Attorney or other legal document.

Application form

Licence to Decommission Works (Bore)

If the applicant is a company, evidence must be provided that the person/s signing the application has authority to sign on behalf of the Company. This must be in the form of a current copy of an ASIC Company Search listing all directors and/or office bearers which is not more than three months old.

How can I obtain a copy of my Company Search?

You can obtain a company search statement by:

- Via the internet at www.asic.gov.au or phone (03) 5177 3988
- Requesting that G-MW complete the searches on your behalf.
- Contacting your solicitor or legal advisor to conduct the search on your behalf (fees may apply)
