Application for Issue of a NEW Piped Water District Service and Request to Alter Capacity of an Existing Service

ESSENTIAL BACKGROUND INFORMATION

You must read and understand the following information before applying for a Water Works Service.

- (a) The property must be within the district before this application can be made
- (b) Any additional tapping points or infrastructure upgrade or pipeline extension required as a result of a new application will be at the applicants cost. This includes Easement Creation
- (c) The minimum capacity and water allowance, as stipulated in the Piped Water District Operating Manual.

East Loddon South & Catumnal

	Peak daily demand		Annual Use Limit	
Stock	13.7	L/ha/day	0.00302	ML/hectare/year
Domestic	7,000	L/household/day	1.73	ML/household/annum

Normanville

	Peak daily demand		Annual Use Limit

- a. -Note, Customers surrendering Capacity/Water must retain minimum stock allowances.

- (g) An existing customer needs to surrender capacity & water allowance to allow for a new customer or a customer to increase.
- (h) An Easement needs to be created, at the applicants costs, for pipeworks to any new tapping point.
- (i) Customers should be provided with an estimate of set up and ongoing costs. These include easement creation and installation of tapping point costs

East Loddon South

- (j) Minor adjustment up to +/- 5% will be allowed at the discretion of the Water Services Committee in conjunction with GMW for the first three years after commissioning of the scheme for any capacity share/Water Allowance registered that is above the standard design for property and houses. Any reduction in Water Allowance will remain with the scheme. Due to the difficulties in determining customer use volumes based on historic use, only minor adjustments may occur the first three years of operation (2012-2015).
