EXPLANATORY NOTES:

Amalgamate or subdivide water-use licences or water registration

GENERAL

1. To divide a water-use licence (WUL) or water-use registration (WUR) requires cancelling the WUL/WUR and re-issuing new WUL(s)/WUR(s) in its place.
2. This application form provides for cancellation up to four (4) WULs/ WURs. If you are amalgamating/subdividing more than four WULs/ WURs please copy page 1 as required and attach it to your application.
3. Similarly if your subdivision/amalgamation results in more than one new WUL/WUR, please copy page 2 as required and attach it to your application.
4. A copy, not more than three months old, of the land title(s) must be provided with your application (for all land to be covered by WULs/ WURs). Titles and information about fees can be obtained through the Land Registry www.land.vic.gov.au or by calling Land Registry Customer Service Centre on ph: 86362456.
5. This application facilitates the granting of WUL(s)/WUR(s) for one or more parcels of land where those parcels are contiguous.
6. Each parcel of land may only have one WUL, but a WUL can cover more than one land parcel.

ANNUAL USE LIMITS

7. The amount of water that can be used on the land, the annual use limit (AUL) is determined as follows:
 - For properties in a Salinity Impact Zone, the Water Corporation will determine the annual use limit,
 - Goulburn-Murray Water will re-calculate an appropriate AUL for any new licences issued under its authority,
 - Otherwise under this application the total AUL(s) for the land cannot change.

WATER-USE LICENCES ONLY

8. If you are applying for a WUL to irrigate land not previously covered by a WUL, an 'Irrigation and Drainage Plan' must accompany your application. The Irrigation and Drainage Plan must be developed in accordance with the Water Corporation's "New Irrigation Development Guidelines." These can be obtained from your Water Corporation.
9. If you are applying to vary the area to be irrigated under a WUL or to vary the AUL, a revised Irrigation and Drainage Plan must accompany your application if required by the water Corporation. Irrigation and Drainage Plan details are available at <http://www.land.vic.gov.au>.
10. Your application will be referred to an Irrigation Development Case Manager if required by the Water Corporation.
11. If you want to add/vary or revoke any particular condition(s), other than the AUL, please notify your Water Corporation.
12. Lower-Murray Water customers please note: your water-use licence may be in a salinity impact zone where there is a cap on annual use limits – please contact Lower Murray Water for advice.

ALLOCATION BANK ACCOUNT(S)

13. You may nominate an existing ABA to link to WUL(s)/WUR(s), however if the ABA is linked to a water share, the water share must be associated with the WUL(s)/WUR(s). For this reason you must also apply to associate that water share with the new WUL(s)/(WUR(s) (using Form 9) and provide the application number at 5c on this form.
14. Alternatively, a new ABA will be created for you.

WORKS

15. You may assign existing works (with a works licence) to a WUL or WUR at 5e.
16. If new works are required, you must have a works licence or evidence that you have applied for a works licence (an application number) and the Application for a Works Licence (Form 29) must be submitted. Write the application number for a works licence number at 5e.
17. If works are not required, (as water will be delivered directly to the land by a Water Corporation) you will need to provide your delivery share or service identification number. Your delivery share or service identification number or assessment number. This reference number will be as per your invoice from the Water Corporation.

LODGEMENT

18. There is a check-list included with this application and you are encouraged to complete the check-list to ensure your application is complete and accurate.
19. The applicant must complete an Application to Subdivide Water-Use Licence(s) and/or Water-Use Registration(s), and lodge the completed form including payment of the application fee and accompanying documents with the Water Corporation over the counter or by mail.
20. For the current application fee please contact your Water Corporation.
21. The Water Corporation will not accept faxed or emailed forms as original signatures are required.
22. Application forms and the schedule of application fees are available from the Water Corporation or at <http://www.waterregister.vic.gov.au/Public/ApplicationForms.aspx>. If you require further information please contact your Water Corporation.

SIGNATURES

23. All land owners, both of original parcels and new parcels, must sign this application on page 3.
24. If there is insufficient room for all owner(s) to sign please attach another page for the remainder.
25. If any applicant is a company (ie the company owns or is purchasing the land) the company section on page 3 must be completed.
26. Signatories for a company (eg. Director or Company Secretary) must sign in accordance with an ASIC company extract not more than 12 months. The ASIC company extract must be attached to the application.

APPROVAL OF THE APPLICATION

27. If the application is approved one letter will be sent to the applicant(s). A letter will also be sent to the lodging party if details are completed on the application. The letter will advise that the application has been approved and that the new WUL/WURs are recorded in the water register. A Copy of Record will be attached and will state any conditions that apply. It is an offence to fail to comply with any licence conditions.

MORE INFORMATION REQUIRED

28. If the Water Corporation requires more information a letter will be sent to the applicant and to the lodging party if applicable. The letter will make clear the missing information and/or incorrect information that requires correction.

REFUSAL OF THE APPLICATION

29. If the Water Corporation refuses the application, the Water Corporation will send the applicant(s) a letter stating the reasons for the refusal. A letter will also be sent to the lodging party if applicable.
