## General information and explanatory notes (retain for future reference)

### **Why do I have to renew my Licence to Take and Use Surfacewater and Operate Works?**

Licences to Take and Use Water and Operate Works are issued for a fixed term. Sections 58 and 72 of the *Water Act 1989 (Vic)* state that the holder of a licence may, before the expiry of the licence, make application to renew the licence.

### **When does my current licence expire?**

Your current licence is due to expire on 30 June 2018. If you wish to retain the right to take and use surfacewater and operate works for the purpose specified in your licence after that date, you must make application to renew the licence prior to the expiry date. If you do not make application to renew the licence prior to the expiry date, the licence will expire and you are no longer able to take and use water or operate works. If you continue to take and/or use water without a licence, you are committing an offence/s pursuant to the *Water Act 1989 (Vic)*.

### **Can I continue to use water once the licence has expired?**

If you have lodged an application to renew the licence prior to the expiry date you may continue to take and use water in accordance with the conditions of the expired licence, until further notice. If you have not made application to renew the licence prior to the expiry date you are not authorised to take and use water.

### **How long is a Licence valid for?**

Licences to Take and Use surfacewater and operate works are normally issued for a period of between 5 and 15 years. GMW will notify licensees six months prior to the expiry date to request the submission of an application to renew the licence.

### **Is approval of the application automatic?**

Approval of an application to renew a licence is not automatic and is subject to an assessment by GMW. Under some circumstances an application to renew may not be approved. Affected applicants will be notified.

### **What happens after I lodge my application?**

After you lodge your application GMW will notify you in writing that it has been received. The timeframe to complete an assessment may vary depending on the nature of your application. When the decision has been made to your application you will be notified in writing of the outcome, either that the application has been approved or refused. Application fees are **not refundable** if an application is refused.

### **What if I no longer need a Surfacewater licence – do I need to cancel it?**

If you no longer have a requirement to take and use water and operate works you can cancel the licence by completing and lodging this form. There is no fee for surrendering a licence. Any outstanding charges must be paid before a licence can be cancelled and licensees continue to be liable for fees and charges until an application to cancel the licence is received by GMW.

### **Are there ongoing costs associated with having a Licence?**

Yes, a Licence to Take and Use Water and Operate Works is subject to annual fixed charges, issued by GMW in July each year. For specific details about which charges will apply to your licence, please contact the Licensing Unit.

### **What does the application fee cover?**

Application fees cover the full cost of undertaking a licence assessment in accordance with GMW's obligations under the *Water Act 1989 (Vic)*. This includes administering the application and undertaking a full site inspection.

If your application is approved the new expiry date will be recorded in the Victorian Water Register and you will receive a copy of the new licence document.
