Main Topics Discussed

Integrated Drainage Management Strategy – Greg Shannon
<ul style="list-style-type: none">• Provided an update on the Drainage Strategy and recent meeting with various stakeholders that was coordinated by the CMA• Drainage across the GMID has seen significant change due to a number of differing factors• The committee welcomed the “re-introduction” of the high level strategy considering the tariff strategy had begun back in 2016• The committee stressed the importance of having Central Goulburn representation at future meetings if discussing Drainage Diversion
Pricing Submission – Greg Shannon
<ul style="list-style-type: none">• Information on GMW’s current pricing submission was provided including our key proposals and engagement outcomes.• Members were advised that consultation and feedback was still available until Jan 24th• The WSC were pleased with the submission of a single storage fee for NWU’s and water users• Although pleased with seeing a price reduction, members had some concerns with any future price shocks when end of life occurs with modernised assets
