Tullaroop Reservoir

Use the guide below to indicate where at Tullaroop Reservoir you are proposing to hold your event.

Staying Safe

Local boating requirements are posted at all public boat ramps.

1. Boat ramps are for the launching or retrieval of vessels only.
2. Complete any preparation prior to launching, or when returning from the water, away from the ramp.
3. Ensure all safety equipment is on the vessel and operational.
4. Always keep a lookout for waterway hazards and operate your vessel in line with weather and waterway conditions.
5. Parking is only allowed in designated areas.
6. Ensure no one is in or on the vessel when moving to and from the ramp.
7. Swimming and shade structures aren't allowed within 50 metres of either side of boat ramps.

On inland waters a 5 knot speed limit applies within 50 metres (except where otherwise indicated) of the water's edge, other vessels, navigation aids, swimmers and fixed or floating structures.
Current water levels can be found at www.gmwater.com.au/water-levels

Please Remember

- No camping or fires allowed on GMW foreshore land.
- Confine vehicles and motor bikes to formed public roads.
- Take your rubbish home.

Site Plan

Sketch your site plan in the space provided below. Include any temporary structures, car parking, amenities and areas which the public may be restricted from.
