

# UNAA World Environment Day Awards 2015 Finalists Announced!

United Nations Association of Australia

Tuesday, May 19th, 2015

## United Nations Association of Australia

### WORLD ENVIRONMENT DAY AWARDS 2015 - FINALISTS ANNOUNCED

*Aussie ingenuity at work to save the environment - a key feature among the finalists in the United Nations Association of Australia World Environment Day Awards 2015, announced today.*

An imaginative outback ant eradication program and the restoration of a suburb to save penguins are among the finalists in Australia's top environment awards.

The Awards are held in conjunction with World Environment Day on June 5 and celebrate the innovative and outstanding environmental programs and initiatives across Australia, as well as the critical work of environmental leaders.

Water will be returned to wetlands on an unprecedented scale in another leading entry. The large-scale installation of windfarms, an island solar energy project and a scheme to halt the extinction of koalas are among other finalists.

This year the Awards will host Kevin Petrini, United Nations Development Programme Regional Climate Policy Specialist for Asia and the Pacific. Other special guests include The Hon. Lily D'Ambrosio, Minister for Industry, Energy and Resources and Christopher Woodthorpe, Director of the United Nations Information Centre.

The World Environment Day Awards 2015 winners will be announced at the Presentation Dinner to be held at the Park Hyatt Hotel in Melbourne, on Friday June 5. This special event will be hosted by Rob Gell, *Environmental Entrepreneur and Chairman of UNESCO Western Port Biosphere*, with entertainment by Khaled Khalafalla, *Comedian*.
